KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN?

- You are investing in a fund operated by Fullerton Lux Funds ("**Company**"). The Company is an umbrella-structured open-ended investment company organised as a société anonyme under the laws of Luxembourg and qualifies as a SICAV.
- The Fund targets to achieve competitive risk adjusted returns on a relative basis.
- Distributions (if any) may be declared at the Company's absolute discretion out of income, capital gains and/or capital, and may have the effect of lowering the Fund's NAV. Distributions out of capital may amount to a partial return of your original investment and may also reduce future returns.
- The base currency of the Fund is the US Dollar.

Refer to paragraphs 1 and 3 on pages [5] and [12] of the Singapore Prospectus for further information on features of the product.

¹ The Singapore Prospectus is available from the Singapore Representative or authorised distributors. It is also available at <http://www.fullertonfund.com>.

² This refers to the earliest launched Share Class that is offered under the Singapore Prospectus.

³ As of 31 March 2018, expense ratios are not available for the other Share Classes being offered for subscription by investors in Singapore.

Investment Strategy	
<ul style="list-style-type: none"> ● The Investment Manager seeks to achieve the objective of the Fund by investing primarily in China “A” Shares listed on PRC Stock Exchanges through the Investment Manager’s RQFII quota. ● The investment universe will include, but not limited to, exchange traded funds, listed warrants, index futures, securities investment funds, listed onshore bonds, money market funds, cash and other financial instruments qualifying as RQFII Eligible Securities. ● The Investment Manager intends to add value through stock selection and adopt a bottom-up approach to portfolio construction. ● As an Excluded Investment Product, the Fund currently may use FDIs for efficient portfolio management and hedging purposes. 	<p>Refer to paragraph 3 on page [12] of the Singapore Prospectus for further information on the investment strategy of the product.</p>
Parties Involved	
<p>WHO ARE YOU INVESTING WITH?</p> <ul style="list-style-type: none"> ● The Management Company is Lemanik Asset Management S.A. ● The Investment Manager and Singapore Representative is Fullerton Fund Management Company Ltd. ● The Depository Bank is BNP Paribas Securities Services, Luxembourg Branch. 	<p>Refer to paragraph 2 on page [7] of the Singapore Prospectus for further information on their roles and responsibilities.</p>
KEY RISKS	
<p>WHAT ARE THE KEY RISKS OF THIS INVESTMENT? The value of the product and its distributions may rise or fall. You should consider the risks of investing in the Fund, which are detailed in the Singapore Prospectus. Generally, some of the risk factors that should be considered are market, credit, liquidity, product-specific and other risks. These risk factors, some of which are set out below, may cause you to lose some or all of your investment.</p>	<p>Refer to paragraph 5 on page [18] of the Singapore Prospectus for further information on risks of the product.</p>
Market and Credit Risks	
<ul style="list-style-type: none"> ● You are exposed to the risk of investing in emerging and less developed markets. <ul style="list-style-type: none"> ○ The legal, judicial and regulatory infrastructure of such markets is still developing and there is much legal uncertainty. ● You are exposed to political, regulatory and economic risks. <ul style="list-style-type: none"> ○ Economic and/or political instability could lead to legal, fiscal and regulatory changes. Taxes or exchange controls can be imposed suddenly. Assets could be compulsorily re-acquired without adequate compensation. Inflation and deflation may result in a decline in the value of the Fund's portfolio. ○ Tax law and practice in China is not clearly established. Additional taxation that is not anticipated when investments are made, valued or disposed of may be imposed. ● You are exposed to market custody and settlement risks. <ul style="list-style-type: none"> ○ Securities markets in China could lack the efficiency and regulatory controls of more developed markets. Provisions for custody and legal/beneficial interests and settlement procedures may be less developed than more mature markets. Depository Bank and sub-custodians may default. The Fund may be affected by inability to repatriate income, capital or sale proceeds. ● You are exposed to exchange rate risks. <ul style="list-style-type: none"> ○ The Fund's investments is primarily denominated in RMB and investors’ holdings may be affected by exchange rate fluctuations. ○ The Fund and certain Share Classes are not denominated in the Singapore Dollar and investors may be exposed to exchange rate risks. ● You are exposed to currency control risks. <ul style="list-style-type: none"> ○ The RMB is not freely convertible and is subject to foreign exchange control policies and repatriation restrictions. There may be a divergence in the exchange rate between the offshore and onshore RMB markets. The Fund's investments may also be affected by changes in currency and exchange control policies and regulations in China. 	

<ul style="list-style-type: none"> You are exposed to risks arising from the withdrawal of UK from EU. <ul style="list-style-type: none"> The withdrawal of UK from EU is likely to lead to ongoing political and economic uncertainty and periods of exacerbated volatility in the UK and the European and global markets. This may have an adverse effect on the economy generally and on the ability of the Fund to execute its strategy and to generate attractive returns. Currency volatility and the potential downgrading of the UK's sovereign credit rating, may also have an impact on performance. 																													
Liquidity Risks																													
<ul style="list-style-type: none"> The Fund is not listed and you can redeem only on Dealing Days via the Singapore Representative or approved distributors. There is no secondary market for the Fund. 																													
Product-Specific Risks																													
<ul style="list-style-type: none"> You are exposed to derivatives risks. <ul style="list-style-type: none"> The Fund may use FDIs and these investments carry their own specific risks. Certain investments may be subject to greater volatility, counterparty risks and higher degree of risks. Further, futures transactions may be "leveraged" or "geared". You are exposed to China RQFII risks. <ul style="list-style-type: none"> The Fund may invest directly in RQFII Eligible Securities via the RQFII status of the Investment Manager. If this RQFII status is lost, the Fund may have to dispose of its holdings and suffer adverse consequences. The Fund may be exposed to limited investment capabilities, RQFII investment restrictions, illiquidity of the Chinese domestic securities market, delay/disruption in the execution and settlement of trades, and/or uncertainties of China taxation policies.

VALUATIONS AND EXITING FROM THIS INVESTMENT

HOW OFTEN ARE VALUATIONS AVAILABLE?

The Fund is valued on each Dealing Day. The price per Share of all Share Classes is quoted on a forward-pricing basis, and is normally available on the website <http://www.fullertonfund.com> within two (2) Business Days of the actual transaction dates and may also be available on Bloomberg and SIX Telekurs. You may also request for the indicative price per Share from the Singapore Representative (where not available as stated above). To counter dilution and protect investors' interest, the Fund may apply a technique known as swing pricing or dilution adjustment of up to 2% of the NAV as part of its valuation policy.

Refer to paragraphs 9 and 11 on pages [25] and [28] of the Singapore Prospectus for further information on valuation and exiting from the product.

HOW CAN YOU EXIT FROM THIS INVESTMENT AND WHAT ARE THE RISKS AND COSTS IN DOING SO?

- You can redeem your Shares on any Dealing Day by submitting a written redemption request through the Singapore Representative's approved distributors or other appointed agents.
- Redemption proceeds are normally paid in the currency of the relevant Share Class within three (3) Business Days from the Dealing Day on which the redemption request is received and processed by the Administrator.
- Your redemption price is determined as follows:
 - If you submit your redemption request by 5pm Singapore time on a Dealing Day, you will be paid a price based on the NAV per Share determined on that Dealing Day.
 - If you submit your redemption request after 5pm Singapore time on a Dealing Day your request shall be treated as having been received on the next Dealing Day.
 - Redemption requests sent to approved distributors may be subject to an earlier dealing cut-off time. Please check with the relevant distributor for details.
- The net redemption proceeds that you will receive will be the redemption price per Share multiplied by the number of Shares redeemed, less any charges. An example is as follows:

1,000.00 Shares		USD 1.000	=	USD 1,000.00
Your redemption request	x	NAV per Share		Gross redemption proceeds
USD 1,000.00		USD 20.00	=	USD 980.00
Gross redemption proceeds	-	Redemption Charge (2%)		Net redemption proceeds
